

Victoria

APARTAMENT

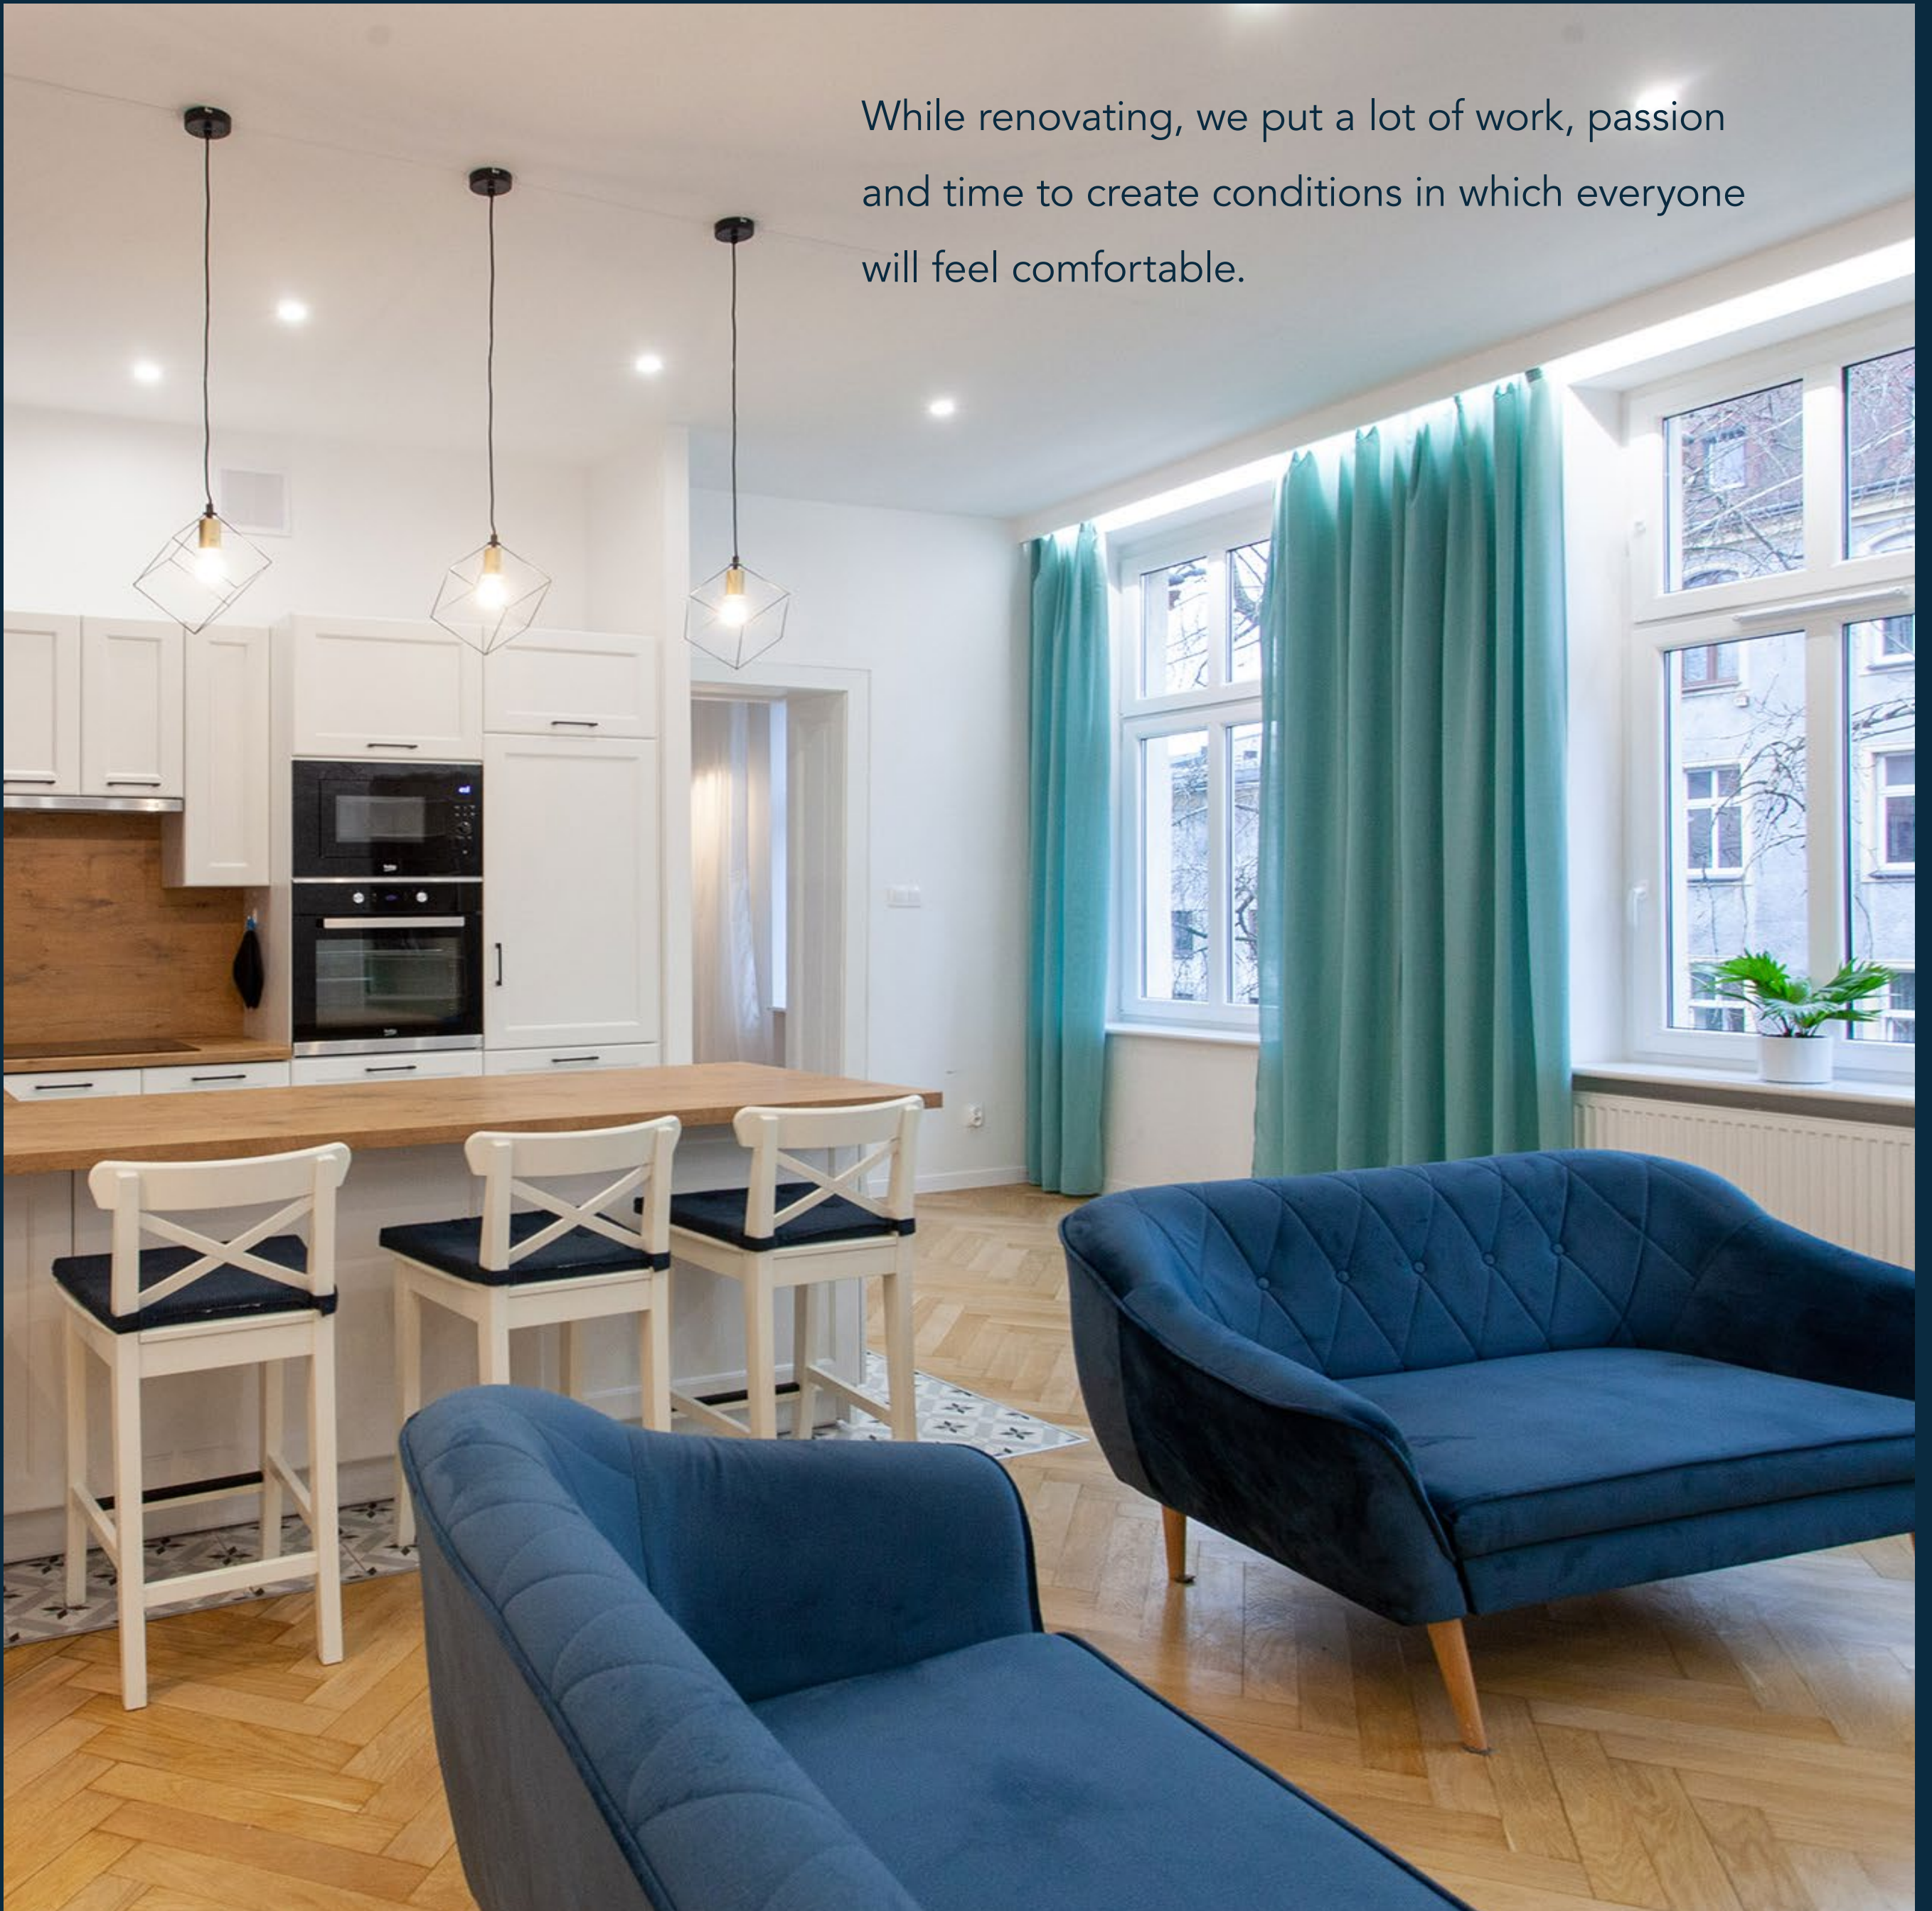

Victoria
APARTMENT

Gliwice is a special town for us.
It is here where we have been building and
developing our company for years.

The cooperation with local entrepreneurs, restaurateurs, athletes
and enthusiasts is extremely important to us. We try to support strongly
our local market, which is why our investments are created here.

Victoria Apartament, completed in 2020, is an exceptional project for us.

While renovating, we put a lot of work, passion and time to create conditions in which everyone will feel comfortable.

The logo for Victoria Apartment, featuring the word "Victoria" in a gold, cursive script font, with the word "APARTMENT" in a smaller, gold, sans-serif font directly below it. The logo is centered within a dark blue rectangular background.

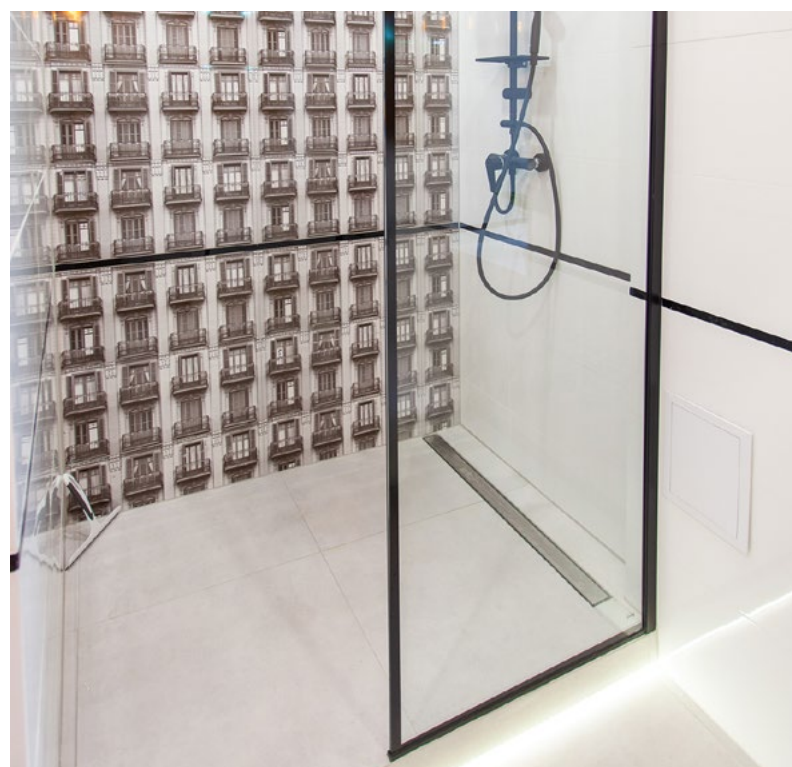

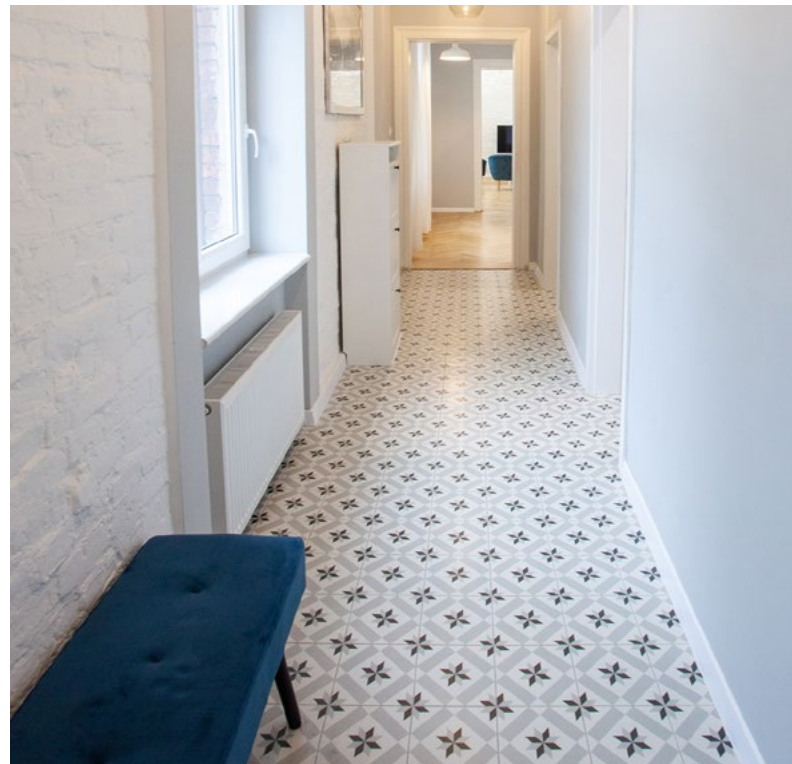

Victoria
APARTMENT

The ruins of the burnt down Victoria Theater, the neighborhood of the very center and beautifully framed photographs of our city make the unique atmosphere feel from the entrance to Victoria Apartment.

The high quality, passion and continuous improvement are values that we profess and implement not only in our Marco company.

Each project, we carry out, must meet a number of requirements to be worthy of our brand. Thanks to that we are sure for what we give into your hands. We encourage all who appreciate high quality, beautiful interiors and those who want to feel a little luxury in the heart of Silesia.

The apartment will be perfect for both business travelers and those who want to have holidays in our region.

Victoria

APARTMENT

Our apartment consists of three comfortable bedrooms.

In two of the bedrooms, there are double beds, while in the smallest one you will find a single bed.

The large living room combined with a well equipped kitchen allows you to blend relax or work with delicious meals from our local restaurants.

The modern bathroom has a spacious shower. Large windows, bright curtains and ample space make the apartment bright and very cosy at the same time.
